

URBAN LIFE SOLUTIONS INC.
REPORT UNDER THE *FIGHTING AGAINST FORCED LABOUR AND CHILD LABOUR*
IN SUPPLY CHAINS ACT (CANADA)
FOR THE FINANCIAL YEAR ENDED September 30, 2023.

1. Introduction and Application

This report (the “**Report**”) is prepared by Urban Life Solutions Inc. (“**ULS**”, “**we**” or “**our**”) in compliance with the requirements of the Canadian *Fighting Against Forced Labour in Supply Chains Act* (the “**Act**”) with respect to the period from October 1, 2022 to September 30, 2023.

2. Structure, Activities and Supply Chains

ULS is an Alberta corporation headquartered in Calgary, Alberta with operating locations in Calgary, Red Deer, Edmonton, Ottawa and Toronto. Our business is to provide the following services: professional landscape management; snow and ice management; towing, recovery and storage; road sweeping and water truck services; and asphalt paving, repair and enhancements. While we are primarily a services business, we may be considered to distribute a limited number of goods in support of our services business, including landscaping material and asphalt. These materials are sourced primarily from suppliers located in Canada. Given the location of our suppliers and the nature of the goods themselves, we believe that the risk of forced labour or child labour in our supply chain is extremely low.

3. Steps Taken to Prevent and Reduce the Risks that Forced Labour or Child Labour is Used

In light of the low risk of our supply chain, we have not taken any specific steps to prevent or reduce the risks that forced labour or child labour is used in our supply chain.

4. Policies, Governance and Due Diligence processes

We have not implemented any specific policies, governance or due diligence processes in relation to the use of forced labour or child labour in our supply chain.

5. Parts of ULS’s Business and Supply Chains that Carry a Risk of Forced Labour and Child Labour and Steps Taken to Assess and Manage the Risk that Forced Labour or Child Labour is Being Used in ULS’s Operations and Supply Chain

We have not started the process of identifying specific parts of our activities and supply chains that carry a risk of forced labour or child labour being used.

6. Remediation Measures

We have not identified any forced labour or child labour in our activities and supply chains and have not taken any measures to remediate or eliminate any forced labour or child labour in our activities and supply chains, including any measures that would involve the potential loss of income to vulnerable families.

7. Training

We do not currently provide training to employees on forced labour and/or child labour.

8. Assessing Effectiveness

We do not currently have policies or procedures in place to assess our effectiveness in ensuring that forced labour and child labour are not being used in our activities and supply chains.
